RUSSIANS' REPLY IN HANDS OF JAPANESE

First Session of Congress Only Little Over An Hour.

WITTE EXPECTS EARLY REPLY.

The Japanese Envoys Promises an Answer as Soon as Possible—Russia Will Try to Fix Cause of War Upon the Mikado's Empire.

Portsmouth, August 14.—So pessimistic is the feeling among those in conference on both sides that the prediction was made to the Associated Press correspondent that if a meeting should be held this afternoon it might be the last, and that the history of the "Washington conference" would be abruptly concluded today.

If negotiations are broken off, Oyama will immediately give battle to Linevitch. The Associated Press learns from an unimpeachable source that General Oyama's plans are perfected, his armies are ready and only await the signal that a rupture has occurred to launch his campaign.

GENERAL OYAMA.

Commander of Japanese Army Who Now Awaits Signal to Attack the Russians in Manchuria.

Portsmouth, N. H., August 14.—The meeting of the peace conference this morning as indicated in these dispatches last light, was brief. It lasted a little more than an hour. The Russian reply was delivered by M. Witte, and the meeting was adojurned to give Baron Kumura and his colleagues opportunity to examine the document. M. Witte indicated courteously that he would expect the same expedition in the Japanese response as has been observed in the preparation of the publication of the reply and this was readily assented to. The Russian plenipotentiaries immediately returned to the hotel, while the Japanese remained at the navy yard.

The official statement regarding this morning's resolution was given out by Mr. Sato at 11:15 accompanying it with the explanation that it was an official statement to which both sides had agreed. It is as follows:

In the signing of Saturday, Aug. 12, their excellencies, the plenipotentiaries of Russia have handed their reply in writing to the note presented to them on Thursday by the plenipotentiaries of Japan. It has been decided that the next meeting will take place after the Japanese plenipotentiaries have examined the reply received, which will be at 3 o'clock this afternoon or tomorrow at the same hour.

The Associated Press is in a position to state that the Japanese believe that the Russians have been laying the foundation for the claim that the responsibility for a rupture, if one comes, will have been due to their intransigant attitude. They have decided in case of a break to take steps to disprove any such claim.

Conference May End Abruptly.

It was already well understood that M. Witte's reply on the two main points was a firm but courteous refusal. The Russians had made no concealment of that and such indications as came from their headquarters breathed a spirit of implacable resolution to adhere to the refusal. In deed there were open intimations that unless the Japanese modified their positions upon these points the attempt to negotiate peace must result in failure, and predictions were freely made among the Russian correspondents that next week would see the end. At the same time there was popular impression about the hotel that M. Witte was bluffing.

On the other side a similar but even more impressive attitude of determination was observed. They seem sure of their position and their strength.

The Japanese acted as if their minds were made up. They would discuss but yielded nothing on the main points.

There seems good warrant for the statement that two of the minor conditions were included for the purpose of bargaining; but that the others in substance must stand. In this condition of affairs there bust be surrender on one side or the other, or the war will go on. There may still be a chance of peace, but it is based entirely upon a sudden change of the uncompromising attitude of one side or the other.

Predictions are heard that if a break comes, President Roosevelt will again step into the breach.

The Japanese plenipotentiaries have agreed to make their response to the Russian reply at 3 o'clock this afternoon or at the same time tomorrow.

Cable Reply to Tokio.

Soon after the adjournment of the joint session of the peace plenipotentiaries the departure of the Russians from the building the chiefs and their secretaries went into formal session in their private council chamber, taking into consideration and preparing to cable the Russian reply to Tokio.

Two Nations Wide Apart.

St. Petersburg, August 14—Dispatches from Portsmouth make it clear that unless there is a very substantial abatement of the demands of the Japanese plenipotentiaries, which is unlikely, the peace conference will come to a sudden conclusion. The two nations are so wide apart that all hope of agreement has ben practically abandoned here. It is probable that the next session will end in a final adjournment and that M. Witte will sail for Europe very shortly.

POSED AS "KING OF WORLD."

Recent Death at Peoria, Ill., Reveals a Strange State of Affairs.

Peoria, Ill., August 14.—It has been years since Peoria has suffered such a shock as that produced by the development over the death of Edward Drouin, which occurred yesterday.

Mrs. Drouin is incarcerated in the county jail, violently agitated and is seemingly deranged. The interior of their Fisher street home is filled with furniture of the strangest character, and the walls are covered with facsimile reproductions of the "coat-of-arms" adopted by Drouin and his wife.

For some time he had posed as "king of the world," and his wife as "empress of the universe." With energy almost inconceivable Mrs. Drouin spent hours of each day writing letters in prominent people in this city, wagning them of attempts upon their lives and asserting that a band of people were threatening the extermination of the populace by turning on the electric fluid.

All efforts to investigate were frustrated by the vigilance of the wife. When searched, their apartments were found to contain vast quantities of mineral and medicinal waters, designed to destroy the efforts of the people with the "electric fluid."

Woman Mysteriously Disappears.

Lumber City, Ga., August 14—A young man from Hazlehurst reports the mysterious disappearance of Miss Maggie Whiting, the daughter of H. D. Whiting, a respectable farmer, about 2 miles from the town. Searchers for her have been out in a vain endeavor to locate her whereabouts, but without success. No cause can be ascribed for her leaving home.

SMALL DEATH RATE ENCOURAGING SIGN

Authorities Now Believe They Can Win the Fight.

5 DEATHS AND 16 NEW CASES

No Marked Charge In Fever Situation. August Is Considered the Critical Month—Qurantine Regulations Have Been Somewhat Relaxed.

New Orleans, August 14.—There were sixteen new cases of yellow fever and five deaths reported by board of health authorities.

New Orleans, August 14.—No marked change was recorded in the yellow fever situation today and the early reports received at the marine hospital offices indicated no serious turn in the number of cases and deaths for the day. August is a critical month when the fever appears early and the relatively small number of deaths in the first 11 days on the month is regarded as justifying Dr. John Guiteras' statement in his interview given at Mobile that the worst is over and that the present fever will not become like some of the terrible epidemics in the past. It is announced here that the citizens' committee fund has now reached $100,000, which, with the amounts contributed by the city and state, yields the quarter of a million, whic hthe government desired to be guaranteed before it began work.

All the money needed to carry on a most elaborate campaign of suppression is therefore at hand.

The Venus from Port Limon laden with fruit came into the river today from New Orleans, orders were given for her to go back to sea and to proceed to Mobile.

Italian Ambessador Meyer des Planches, who has been keeping in close touch with the situation here is encouraging the Italian societies in the relief work they have undertaken in the Italian quarters and has forwarded a personal subscription of $200. A large number of the poorer class of Italians are now being fed daily at the expense of the societies. The health of the naval reservation continues good and the premise is that the additional physician whom the government has ordered to the yard will have at present little to do. The station is isolated and there has been no fever in its vicinity.

Physicians Are Optimistic.

In spite of the large number of cases of fever reported during the past three or four days hope continues to run high here. That is due to the fact that there are practical evidences that the crusade against the mosquito is telling. More than two weeks have now elapsed since the death or curing of cases at a number of points above Canal street, and there has been no re-appearance of the fever where those cases existed nor in the immediate neighborhood. That is taken to indicate the effectiveness of screening and disinfection which in the one instance has prevented stegomyias from stinging patients during the first three days of their illness, and in others has worked the destruction of the mosquitoes in the infected houses and neighborhoods.

The result is more faith in the mosquito theory. In this connection it is shown by the officials that while 55 of the 61 new cases officially reported in the preceding 24 hours are in the lower section, there are fewer than ever before in the originally infected district which is still thickly inhabited. The reason given for this is that the drastic measures of fumiga the federal authorities are rapidly ridding the district of mosquitoes.

Relaxation in Quarantine.

A moderate relaxation in quarantine regulations is recorded. Trains are again running through Lake Providence, La., no cases of suspicious fever being discoverable there or in the vicinity. Lafayette, La., has rescinded its previous action and will recognize detention and health certificates and receives freight in disinfected cars. Calcasieu parish will permit travel between points in that parish, except Bon Ami, and will take disinfected freight from New Orleans. Pointe Capee, which at first refused to handle goods from New Orleans, ha ssubmitted to education, and will abide by the regulations of the state board of health. However, the attemut to open the regulations of the state board of health. However, the attempt to open a detention camp at Fontainbleau, Miss., has been abandoned, and the federal doctors and workmen have left there. A camp nearer New Orleans may ultimately be located, but up to the present, the effor to open up Mississippi to people from New Drleans has railed.

Dr. Walte issued another appeal today to physicians to report suspilcous and actual cases promptly.

Tennessee Asks Federal Aid.

Washington, August 14.—With reference to the request of the state board of health and marine hospital service and in the maintenance with the quarantine service surgeon, General Wyman, said today that Surgeon Young, with headquarters at Jackson, Miss., is in charge of the marine hospital service in that territory, an officer in whom he had perfect confidence, and he would be instructed to take such steps as might be necesary to protect all interests concerned.

Locate Camps In North Carolina.

Knoxville, Tenn., August 14.—A special to the Sentinel from Asheville, N. C., says that ten official representatives of the municipality of New Orleans are in western North Carolina for the purpose of locating camp sites for yellow fever refugees. Tents for these camps are to be furnished by the federal government. Already a large number of refugees have reached Asheville and vicinity.

TWELVE HUNDRED SUITS FILED.

Railroads Sued for Violation of the Cattle Shipping Law.

San Francisco, August 14.—Twelve hundred suits involving a penalty of from $100 to $500 in each case, or a total maximum of fines of $600,000, are to be brought against the Southern Pacific, Saota Fe, Union Pacific and other western roads for violations of the so-called 28-hour hour law providing for the humane shipment of cattle. This is at the instance of the secretary of agriculture that this litigation has been taken up by the attorney general and suits will soon be commenced by the various United States district attorneys.

The law under which this wholesale suing is to be done has been on the statute books since 1873, but the railroads have never given it much thought and still less observance. It requires railroad companies transporting cattle from one state to another to unload the animals after they have been in the cars for 28 hours, feed and water them and give them a rest for at least five hours.

Double Tragedy In Florida.

Jacksonville, Fla., August 14.—Samuel Simons, a wealthy naval stores and sawmill man, and his son, Ely Simmons, were both shot and killed about 15 miles from here by Thomas Hisler, who enters the plea of self-defense. The bodies of father and son were found in the pine woods near the public road. The elder Simmons was shot through the heart by a full charge of buckshot, and the heart was found on the ground about a foot from the body, it having been evidently torn out by hand after the shooting. There were several bullet wounds in the body of Ely Simmons. He was also shot in the back with a charge of bird shot.

Woman's Bail Fixed at $7,000.

Royston, Ga., August 14.—Mrs. W. H. Cobb was arrested Friday at 12 o'clock on the charge of manslaughter for shooting to death her husband on Tuesday night. Mrs. Cobb's bond was fixed at $7,000 and it will be made. No further investigation will be made until the superior court meets in September. The Royston Record, the paper of which Mr. Cobb was editor, will be published without interruption. Colonel George L. Goode will probably succeed Mr. Cobb as editor.

MAN CONFESSES TO WIFE MURDER

Officers Capture Him After a Hot Chase In Utah.

IS COMPLETE NERVOUS WRECK

He Said: "Yes, I Killed Her."—The Murderer Will Return to Kentucky, the Scene of the Crime, Without Requisition Papers.

Nashville, Tenn., August 14.—A dispatch to the Banner from Ogden, Utah, says:

"Yes, I killed her. I bought a pistol at the drug store to make her sleep, but se would not. Then when she was not looking, I put the pistol to her head and fired."

The above is the confession of Percy J. Luster, who killed his wife at Guthrie, Ky., about three weeks ago to Chief of Detectives Parker here this morning.

Luster will go south without requisition papers.

He is now a complete nervous wreck.

TOLD HUSBAND TO DROWN SELF.

Man Takes Wife at Word, Who Said She Was Only Joking.

Chicago, August 14—Joseph Garon returned home intoxicated one day and his wife told him to go down to the lake and drown himself.

"All right," said Garon, "I'll do that."

He did, and though he was dead when taken from the water in front of the hospital two hours later a note in the pocket of his coat the contents of this note:

"This is to certify that I, Joseph Maggie Garon, told me to leave the house and go to the lake and drown myself. Goodby, and God forgive me."

Mrs. Garon became hysterical when informed of her husband's act and carried to the hospital but she died a few minutes after his death.

"I was only joking," she said as she knelt at the side of the bed and the body of her husband. "I never thought he would take me seriously."

SIX INJURED IN RUNAWAY

Two Women Seriously Hurt—One of Them Will Probably Die.

New York, August 14—Four women and three men were injured last night in a central park accident. Two of the women sustained fractured skulls and will probably die from her injuries.

Two carriages were in a team attached to one horse frightened at an automobile was a spirited one, and through the drive with the driver going on the reins in an effort to check them. Near a fashionable per end of the park where a was dining, the runaway with a surrey and carriage went down in a heap. The seriousness of the accident caused excitement on the veranda.

The diners rushed to the dragged the victims from the wreckage. Two of the women found injured, but all are expected to recover.

Trans-Mississippi Congress.

Portland, Ore., August 14—Preliminary work incident to the tenth annual session of the Trans-Mississippi commercial congress will convene in this city has been completed. Prominent the speakers who have been secretary Francis of their presence are Governors Lilington Chamberlain of Oregon, of California, McKay of Oregon, Grady of Alaska, and other prominent men in public life.

Manager of Iron Works Murdered.

Warsaw, Poland, August 14—A long list of murders connected with the strikes were increased yesterday by the assassination of the manager of the Lilpopma Iron Works, who was shot down at his own residence.

BOOZE DISPENSERS PLACED UNDER BOND

Large Crowd Attended Trial of Newberry Negroes.

MUST ANSWER TO THE COURT

Sheriff Fennell and His Deputies Succeeded in Raiding What Was Alleged to be Four of the Largest "Tigers" in Alachua County.

The way of the transgressor is hard in Alachua county, especially if he has the misfortune to get captured as a dispenser of blind tiger booze. This fact has been demonstrated in several instances, but never more forcibly than Monday, when in Judge Mason's court four alleged offenders, Judge Knight, Ransome Murray, Andrew McDuffy and Charles Robinson, who were arrested and their places with a quantity of booze and beer, were seized in Newberry Saturday, were arraigned, and were required to give heavy bond for their appearance before the grand jury at the fall term of the circuit court.

Sheriff Fennell was assisted in the raid by Deputies J. H. Granger, J. Lee Stokes, J. B. Sliford, George W. Livingston and Jack Martin, and a large quantity of beer and whiskey was seized, about one hundred bottles of beer of a famous brew being on ice. Five barrels are now in the railroad station at Newberry consigned to Judge Knight. This beer was given into the custody of Special Deputy Sheriff Duncan, agent for the Atlantic Coast Line at that point.

HIGH SPRINGS SCRAP.

Two White Men Engaged in Sunday Row With Serious Results.

There was a Sunday afternoon row at High Springs, the participants being Car Inspector Sam Davis of the Atlantic Coast Line, and Tom Mixson, a young man about town, both white. The result proved bad for Davis, who received five or six ugly knife wounds, the most dangerous of which was a gash on the arm and a stab in the back. The altercation occurred in the yards of the Atlantic Coast Line, where Davis was at work.

The cause of the trouble is not known. Davis' condition may not prove fatal, but is very painful, and will incapacitate him for duty for some time.

Mixson, who is only about eighteen years of age, was arrested and locked up, pending a preliminary hearing before Justice Bexley.

An Appreciated Compliment.

The compiler and publisher of the Gainesville Directory has been the recipient of many compliments upon the work and its arrangement, all of which are duly appreciated. The latest, however, is from F. M. Ironmonger, Jr., Jacksonville, assistant general passenger agent of the Clyde Line, into the hands of whom a copy has fallen. Mr. Ironmonger says: "I have before me a copy of your Gainesville Directory for 1905-06, and write to congratulate you upon the same. It is excellently arranged, well printed and a credit to the compiler. In fact, it is the handsomest and one of the most efficiently arranged works of the kind I have ever seen."

Coming from this source voluntarily, the compliment is all the more appreciated. The publisher is gratified to know that the work is appreciated not only at home but abroad. The publisher does not attempt to claim that the work is absolutely correct, for no correct directory was ever printed; but he does assume the vanity to say that it is as correct as books of this kind ever get to be, and a great deal more reliable than some others.

THE HORSE CHESTNUT.

A Theory or Two as to the Origin of Its Name.

The horse chestnut tree is well known, and the nuts are dear to boys and sufferers from rheumatism. But the statement was made lately, and it is even found in some encyclopedias, that the name is given on account of its coarseness: "Like a horse, or like that of a horse; hence, coarse and unrefined." The reflection on the horse is an unworthy one, but let that pass. Is not the explanation given in Gerarde's Herbal (1597) a more reasonable one? "Called in English horse chestnut, for that the people of the east countries do with the fruit thereof cure their horses of the cough and such like diseases."

There is a long list of plants that have animal prefixes—horse, dog, cat, bear, cow, pig, wolf, mouse, rat, toad, frog, dragon, snake, etc. In some instances "the name of an animal prefixed has a totally different signification, denoting size, coarseness and frequently worthlessness or spuriousness," but names have also originated from the particular uses to which certain plants have been put, and the horse chestnut is an example. The Turks, Arabians, Persians, all believed that these nuts cured horses of coughs, shortness of wind and such other ailments. In England a preparation of the nut was once used for bleaching yarn.

Yet there may be something in the statement of an Englishman, Alfred A. Millward: "The tree possesses a feature which I have often found to be not generally known. It is a very distinctly marked horseshoe, with seven dots corresponding to the nails of the horseshoe, and this appears at the knuckle of the branches, large and small, but more clearly on the latter."—Boston Herald.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

When Lightning Kills.

"As a rule," says a meteorological expert, "those killed by lightning maintain an appearance of life, staying in the attitude which they had when struck. An English minister named Butler witnessed the following: In the town of Everdon ten harvesters had sought refuge under a hedge during a storm. Lightning struck and killed four, who were left as if petrified. One was found holding in his fingers the snuff which he was about to take. Another had a little dead dog on his knees and had one hand on the animal's head, while holding in the other hand some bread with which he had been feeding it. A third was sitting with his eyes open and his head turned toward the storm."—Chicago Tribune.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

A Good Thing to Know.

A writer, discussing the lost art of early rising, says, "The proper time to rise is when sleep ends." That's a good thing to learn. Do you know, if we hadn't seen that in a paper we should have gone on believing that the proper time to rise was when you were right in the midst of your soundest sleep. What a blessed thing it is for this blind old world that there are some men in it who know nearly everything!

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

OUR OLDEST DOLL.

It Was Brought From England Over Two Centuries Ago.

Long, long ago, when William Penn sailed from England on his second visit to America, what do you think he brought with him on the good ship Canterbury? An English doll. This passenger is the sole survivor of that voyage across the Atlantic, which was made over 200 years ago.

William Penn had a little daughter named Letitia. Letitia heard her father tell wonderful tales of what he saw and heard in Pennsylvania on his first visit to this country, thousands of miles distant from Letitia's home. He often told her about little Miss Rankin, who, living as she did in the wilderness of Pennsylvania (for this was long ago, remember), had no toys at all, not even one rag doll. When Letitia's father was getting ready to again cross the ocean to America his little girl insisted upon sending a doll to that lonesome little girl.

So a doll was dressed in a court costume of striped and delicately tinted brocade and velvet. The skirt was held out by enormous hoops, for such was the fashion of the well dressed ladies of that period. The doll itself is twenty inches high and has the long waist and slender form of the court beauties she left in her native land. Her hair is rolled back from her face, much in the style of today.

This doll now lives in Montgomery county, Maryland, in the strictest seclusion. She is only removed from her careful wrappings when little girls desire the honor of making the acquaintance of the oldest doll in America.—Philadelphia Press.

ENERGETIC CITIZENS ARE NOW ORGANIZED

Enthusiastic Meeting Was Held Here Monday Afternoon.

A FAIR ASSOCIATION FORMED

Officers and Board of Directors Elected and Alachua County is Assured of a Fine Exhibit at Tampa's Florida State Fair.

The Alachua County Fair Association has been launched and it was launched in good shape, too.

A meeting of representative business and professional men who have the interests of the county at heart were present Monday afternoon for the purpose of organizing an association, the object of which is to encourage a county exhibit at the Florida Stair Fair to be held in Tampa from November 15th to November 30th of the present year.

Jesse E. Burtz, vice-president for Alachua county of the Florida State Mid-Winter Fair Association, called the meeting to order and explained the purpose for which this association should be organized. He explained that the Board of County Commissioners had assured an appropriation of $500 for the purpose of defraying the expenses of collecting exhibits and displaying them properly at the State Fair, and that with the united efforts of a conservative, organized body, there was no reason why Alachua county could not make a fine showing at the Fair, being one of the wealthiest and most diversified in the State. For the information of those present Mr. Burtz gave an outline of the plan of organization, which was followed.

The meeting was organized by the selection of L. C. Lynch as temporary chairman, when the following permanent officers of the association were elected:

President, W. R. Thomas; L. C. Lynch, vice-president; Willis W. Colson, secretary; Dr. Benj. P. Richards, treasurer.

The question of the election of a board of directors, through which the executive affairs of the association should be carried out, was discussed, and it was decided to have a board of nine directors, five to constitute a quorum. The following were elected unanimously: C. C. Pedrick, J. A. Phifer, Dr. E. Lartigue, Dr. T. F. Thomas, W. B. Taylor, Dr. J. F. McKinstry, Jr., H. H. McCreary, J. F. Bunch and John W. Tench. The duty of this board will be to assume entire charge of the executive work in the matter of securing and taking care of the exhibits. The members of this board are among Gainesville's most energetic citizens, and no better selection could have been made.

The board will meet at the office of Secretary W. W. Colson in the court house at 4:30 o'clock this afternoon, when Fair commissioners will be appointed from various sections of the county and their duties outlined.

There was a great deal of interest manifested at the meeting Monday afternoon.

The association will co-operate with Mr. Burtz representing the State Fair Association, in the matter of having the county properly and thoroughly represented.

THE DEER ARE PLENTIFUL.

Woods in Gulf Have Driven Them in Groups to High Land.

The continued rains of the past three weeks have had a tendency to flood the islands of Gulf Hammock with the result that deer, which abound plentifully in the forests, have been driven to the high lands in groups. Sportsmen declare that they never saw so many deer in the history of their experience as are now on many small islands they have huddled in large groups.

As soon as the waters recede the animals will seek refuge on their old ranges.

Attention, K. of P.

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held at the lodge room over Dutton's bank this evening at 8 o'clock, at which a full attendance is desired, and visiting brothers will receive a most cordial welcome.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular, I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

President Return to New York.

New York, Augus '—President Roosevelt arrived in Jersey City at 3:15 this morning on his trip through eastern Pennsylvania and Central New York. The train was side tracked in the Erie yards until 8 a. m. No unusual event marked the night's run through northern New Jersey. At the president's suggestion the train slowed down, having been scheduled originally to reach Jersey City at 1 a. m. By this means all on board were able to secure a good night's rest. Crowds cheered the pasasge of the train along the line into the early hours of the morning.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

A Primer Lesson.

See the woman.

Why is she so cross?

Oh, she's having a lot of dresses made.

See the other woman.

Why is she so cross?

Because she isn't having a lot of dresses made.

Women are queer creatures, are they not?—Louisville Courier-Journal.

More to the Point.

"I want a business suit now," said Slopay. "I was thinking of something in the way of a small plaid."

"And I," replied the tailor, "can't help thinking of something in the way of a small check."—Philadelphia Press.

A Prejudiced Impression.

"What is your idea of a classic?"

"A classic," said Mr. Cumrox, "is something you have to listen to because somebody else said it was good."—Washington Star.

Those who walk most are generally healthiest. The road of perfect health is too narrow for wheels.

CHEAP EXCURSION.

Seaboard Air Line Railway Will Sell Tickets to Mountain and Seashore. Washington is Also Included in the Cheap Rate—Double Daily Service.

The Seaboard Air Line Railway announces exceptionally low excursion rates for the annual excursion to the mountains of Carolina, the seashore of Virginia and to Washington, D. C., Wednesday, August 16th.

The round-trip rate from Jacksonville to Lincolnton, Marion and Rutherfordton, N. C., is $13, with corresponding rates to other western North Carolina resorts. To Wrightsville Beach the Seaboard will also sell round-trip tickets at rate of $12.

To the Virginia coast resorts, Ocean View, Old Point Comfort and Virginia Beach, rate will be $15.50 for the round-trip. The rate to Old Point Comfort will apply via Portsmouth, or via Richmond.

The Seaboard has also arranged to sell tickets from Jacksonville to Washington, D. C., and return on August 16th at rate of $22.90. All tickets sold for this excursion will be good on trains scheduled to leave Jacksonville at 9:05 a. m., and 7:50 p. m., with final limit returning to August 31st, 1905.

The Seaboard is the shortest and most direct line from Jacksonville to Washington. They operate double daily through service, the train being equipped with thoroughfare day coaches and Pullman buffett drawing-room sleepers.

The Seaboard has issued some very attractive advertising in the interest of this excursion.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

The Extremes.

Somebody has said that the vices of the very rich and of the very poor are identical. It is a matter of speculation whether their appetites are also similar, for the very poor woman finds great solace in her cup of tea and drinks quantities of it; so also does the rich woman. Alcoholic stimulants are also favored by the one who finds life monotonous from poverty and she who finds it equally monotonous from wealth. One can have nothing she wants; the other has everything she wants; result with both, an almost unbearable discontent. Philadelphia Telegraph.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Amply Qualified.

Proud Parent—If you would win my daughter, young man, you must prove to my satisfaction that you have fortitude, patience under discouraging circumstances, strength of character, courage, an indomitable will to succeed and, above all, an ability to bear with misfortune. Have you those qualifications? Suitor—I've known your daughter for some time, sir, and am asking you for her hand. Do you wish other assurances?—New York Times.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

O. H. Lowther of Waycross, Ga., has purchased 34,000 acres of timber land in Polk and Manatee counties of the Baldwin Company. The sale included the land as well, and the deal amounted to $150,000. The land will be turpentined and then the timber will be cut.

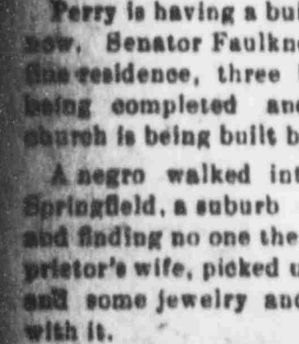
E. E. Ingraham of Key West was horse-whipped by Capt. H. L. Roberts a few days ago on one of the wharves of that city. Roberts claims that Ingraham made insulting remarks about his wife. Roberts was assisted by a man named Bethel and both were arrested.

An unknown negro got off the train at Lloyd's on Wednesday, August 9th, stole a horse from a man in that place and started for Monticello. He stopped two miles from Miccosuki, where it was mistrusted he had stolen the horse, and when two men attempted te detain him he shot one and jumped into a buggy that belonged to Dr. Yarbrough and made his escape. He went to Monticello, where he evaded arrest after being shot, but was captured later by Sheriff Bird near Drifton. Joe Taylor, colored, was the man he killed.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.



What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this paper.

BAD BLOOD

INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. My system and general health have been wonderfully built up, and I no not hesitate to give S. S. S. the credit for it. H. MARTIN. Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

FIGHTING TYPHOID FEVER.

New York Health Officers Warring Against Disease.

New York, August 14.—Stringent measures are being taken by the health department to stamp out typhoid fever which has become also epidemic in some quarters of the southern section of Broklyn.

It was said last night that bathing in Gravesend bay from Fort Hamilton to Ulmer park will be prohibited unless there is an immediate decrease in new fever cases. If such an order is found necessary, the police will be called upon to aid the department of health and all bath houses will be closed and all beaches patrolled.

The sanitary inspector declared that sewage has contamnated the entire bay front at the place mentioned.

For the week just ended the health department reports 72 deaths from typhoid fever in Greater New York, 44 of which were in Brooklyn as compared with 50 deaths in July a year ago, 25 of which were in Brooklyn.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

Shonts' Summer Home Deserted.

Mobile, Ala., August 14.—President T. P. Shonts, of the canal commission and family have abandoned their beautiful summer home on the eastern shore across the bay from Mobile, and from indications do not expect to return. Within the past few days all the crockery and other costly furnishings of the summer home have been sent to Greenwich, Conn., the home of Mr. Shonts' sister. The blooded stock owned by Mr. Shonts, including thoroughbreds and Jersey cows, have been disposed o fby local brokers.

$30,000 Fire at Jacksonville.

Jacksonville, Fla., August 14.—The postoffice, dwelling of Mrs. Neal Lowe Jones, postmistress, were destroyed by fire; also store of the Lowe Bros., total loss was about $31,000, with no insurance. Origin of fire unknown, but it is thought to have been caused by a defective flue.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The man who gets up the column of "State News Boiled Down," in The Gainesville Sun every day, is certainly the best clipper and re-arranger of news in the State.—Lake Butler Star.

There is one thing very consoling to the people living in Gainesville, and that is the fact that business cuts more of a figure than politics, and the weighty problems of State are given a much needed rest.

It now transpires that the peace conference held at Portsmouth, N. H., is held in Maine, the island on which the government building is located having belonged to Maine. Hope it won't be another Maine disaster.

The Sun will make an extra effort to surpass all previous special editions in its issue of November 16th. The advertising space in the number will be worthy the attention of all substantial concerns in Alachua county and the whole State.

The people of Florida are healthy because they believe in bathing. Half the complaints that people are afflicted with can be cured by bathing in pure water. If you haven't got a bath tub, invest in a sponge and take a sponge bath every morning.

In compliance with a new anti-cigarette law in Indiana, railroad companies operating in that State have ceased to sell cigarettes on trains passing through its borders. There is now in prospect a contest to determine whether the companies may sell intoxicants on dining and buffet cars, without having a license for every county in the State through which they pass.

Stop licensing the carrying of deadly weapons, and if a man wants to go armed, and there is any occasion for it, let him have his gun in plain view. But there is no need of half the men carrying arms that go about these days with an arsenal attachment, and if they were only fined to the full extent of the law for each offense, some of them would be busy most of the time gathering pitch or delving in the phosphate mines.

The state of Mississippi has decided to establish a most thorough quarantine and people traveling from one town to another in that State have to prove their identity when they board a train and when they leave it. The Governor has called for a large sum to carry on the work. By wise forethought in looking after the needs of the State Board of Health, Florida had a good fund on hand for this work and Sir Joseph Porter, K. C. B., had done the work well.

The merry youngsters who drive some of the hacks and carriages about the city, should be cautioned in regard to the manner they solicit patronage. Some of them are inclined to the belief that they have a license to annoy ladies passing along the street, asking them to take a carriage, when they should have sense enough to know that such a question is only asked because their occupation as drivers prohibits them [illegible]

PEAT FUEL.

The question of peat fuel, which has been talked of by a number of people in this State and has resulted in the establishment of a factory at Orlando, will soon develop a great industry in this State. It is being used in many parts of the United States and is recognized as the best fuel for grate fires yet known.

A large supply of peat bog exists at Levington, Mass., and the Boston and Maine Railroad has been induced to conduct a number of experiments to ascertain the value of the fuel for steaming purposes. In commenting on this fuel The Railway World says:

"The treatment consists in cutting out the peat in large cubes and then subjecting them to heavy pressure which exudes all the moisture and makes the compact. In the pressing, the cakes take on an elliptical shape, with an inch hole running through them which admits of free burning.

"In reporting on the first experiments the officials of the road say that they found that this fuel made an exceptionally hot fire, an admittedly valuable feature, was free from smoke, and that it could be purchased for less than coal. From an economical standpoint, however, the coal showed to better advantage owing to slower consumption, but the two advantages named for the peat fully offset that in favor of coal. That which has been tried in the locomotives has been exposed to the elements all last winter without depreciating its burning qualities."

The process used by the concerns that have recently been started in this industry in other portions of the country are far superior to any in the East, and in one or two locations in Michigan the removing of the moisture from the bog is done by an electrical and centrifugal process and the fuel pressed into hard briquets that retard the unnecessarily rapid consumption of the fuel.

The bog used for the making of peat fuel is found in abundance in the marshes that are filled with muck, which is taken out and dried by being put through these processes. There is a pleasant odor to the fires made by this fuel, and it is really a disinfectant. Peat fuel will surely be what is needed in Florida, for as we frequently desire a little blaze in the grate at night and morning during the winter, it is the desired article of fuel and can be furnished nearly as cheap as wood and at a considerably lower price than coal.

The question is certainly of enough importance to deserve a thorough investigation as a fuel proposition and as a business enterprise.

The people who joke about the French as a frog-eating nation, implying that people who eat frogs' legs are lacking in taste, don't know what they have missed if they have never had a high-toned dish of frogs' legs. Now frogs' legs are to be found in every restaurant and the United States fish commission is busy considering the best methods of propagating frogs. The principal market for frogs is in New York City, where they sell 100,000 pounds annually. Missouri is the greatest frog producing territory in the union, and so the fish commission will investigate the swamp lands of Arkansas and Missouri and try to extend the frog producing area. The Illinois river used to produce the genuine bull frog, a tremendous creature, whose voice could be heard a couple of miles

In the summer time, when people are supposed to be at the seashore or some other spot for recreation, the business man has not much to do but lay his plans for the fall trade, and he should do that with care. The hotels and boarding houses in different parts of the State are making many changes and enlargements of their accommodations and it will not be many weeks before the winter visitors will be coming South and we should be prepared to receive them with open arms and a well-filled larder.

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerable for an old man, 84½ years old."
R. D. McGILL, Frost, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

BATTLESHIP KANSAS LAUNCHED

Another Mammoth Fighting Machine is Added to Uncle Sam's Navy.

Philadelphia, August 14.—The battleship Kansas was launched today at the yards of the New York Ship building company in Camden, N. J., is a sister ship of the Vermont, now being built at the yards of the Fore River Ship and Engine Building company, Quincy, Mass. She will have the same armament as the battleship Minnesota, launched several months ago at Newport News.

The keel plates of the Kansas were laid Feb. 10, 1904. She is known as a 450-foot battleship, and her contract calls for a maintenance of 18 knots speed for four consecutive hours. The hull is of steel throughout and is fitted with bilge and docking keels.

Her trial displacement will be 16 000 tons, and when she goes on her speed trial she will carry 900 tons of coal, although her bunker capacity is 2,200 tons. Sixty tons of feed water will also be carried on her trial trip. Her trial draft to bottom of keel will be 24 feet, 6 inches; bottom of keel to moulded base line, 1⅝ inches.

Hunt Diamonds Among Ruins.

New York, August 14.—A diamond hunt is going on in the ruins of the Lackawanna railroad terminal at Hoboken. There was a vast quantity of baggage in the building at the time of the fire and none of it was saved. Among other things consumed was a trunk said to have contained $15,000 worth of diamonds owned by a wealthy New York woman. Private detectives are watching the laborers engaged in clearing away the debris, but no trace of the diamonds has yet been discovered and the railway officials refuse to confirm the story of their loss.

An Amended Quotation.

Miss Ida Tarbell's first journalistic experience was as editor of the Chautauqua. Her predecessor on the journal, once editor of the Oil City Derrick, had established the custom of heading with a quotation the column in which he made brief mention of the news of the day. Miss Tarbell followed his habit and bent her mind to the task of supplying suitable quotations. Once upon a time she set down, as plain as pen could set it:

"The meek eyed morn appears, mother of dews."

Then she went home, pardonably proud of knowing her Thomson so well, and at the head of the column next day she read:

"The weak eyed worm appears."—Washington Post.

A Lack of Firmness.

A very matter of fact Scotchman called to see a neighbor, an old Irishwoman, who had been ailing for some time, when the following conversation took place at the door:

"And how do you find yourself today, Bridget?"

"Sure, your honor, I'm mighty bad. This shocking weather'll be the end of me. I'll be a dead woman before long."

"Hoots, toots, woman! Ye've been saying that for the last twenty years! I'll tell ye what it is—ye want firmness o' mind. Fin' a day for yer deeing and stick tae it!"

When Hats Were Unknown.

In ancient days hats were unknown, men having hoods attached to their outer garments, which they wore or discarded at pleasure. Stow, the old historian, says that nobody wore anything else except the lord mayor of London, who sometimes donned a hat on state occasions. In the reign of King Henry VII., he says, the citizens began to wear "flat caps knit of woolen yarn, black, but so light that they were obliged to tie them under their chins, for else the wind would be master over them."

Death by Lottery.

Among other complications of Chinese law and its execution is a unique and rather racy method of dealing with prisoners by lottery. Once a year the vermilion pencil of imperial authority is waved over a chart on which the names of convicted criminals are written, and those which it includes in a haphazard sweep are executed forthwith. The rest are either reprieved altogether or their executions are postponed for another year.

Something Wrong.

"Dear Pop," wrote the boy from the art school, "don't send me any more money. I have saved half that which you sent me last month." "Come home," wired the old man; "you'll never make an artist." Puck.

Encouragement.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

SIX NEW COUNTIES NAMED.

After Hard Fight in House Committee's Report Adopted.

Atlanta, August 14.—Six of the proposed new counties as reported by the house committee—Taft, Crisp, Grady, Turner, Jenkins and Jeff Davis—were put through Friday by the house in one two, three order, and that similar action awaits the two remaining—Stephens and Toombs—there can be no doubt.

From the start it was apparent that the majority of the members of the house had determined to support the committee report throughout. They felt that the committee had worked hard and diligently upon the matter, had gone into every phase of it, and had made as careful and as fair a report as it was possible for them to make. Under these circumstances the house voted down practically every amendment offered which did not meet the approval of the new county committee, and passed the bills as rapidly as they could be reached.

No Extra Session.

The house very promptly and effectively sat down upon a resolution by Mr. Spence, of Ware, requesting the governor to call an extra session of the general assembly until the new county business can be disposed of. That the extra session should be held without expense to the state, and should only be held in the event it was impossible to complete the new county business at the regular session.

Upon motion of Mr. Felder, of Bibb, the Spence resodution was referred to the far-famed committee on the state of the republic, which has never been known to hold a meeting. This about as effectively disposed of the resolution as could an adverse vote.

In the Senate.

With substantially no opposition the reformatory bill of Mr. Felder, of Bibb was passed by the senate Friday. The vote was 34 to 1, Senator Mills casting only opposing ballot.

An important amendment offered by Senator Hamby was passed by the senate. This amendment relates to the location of the reformatory, and provides that it shall be located on the prison farm at Milledgeville.

The resolution introduced by Chairman McHenry, of the committee on immigration and labor, and signed by all members of the comittee, providing that the child labor bill be made the special continuing order in the senate next Tuesday morning at 9 o'clock, was adopted by the senate.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

Terrible Experience on Pike's Peak.

Colorado Springs, Colo., August 14.—Mrs. M. Caldwell, two sons Roy aged 15 and 10 years, of Des Moines, Ia., went through the thrilling experience of being struck by a bolt of lightning on the side of Pike's Peak and survived to complete the trip to the summit and back. They started to the summit and at Windy Point were overtaken by an electric storm when a sudden flash of lightning threw them to the ground unconscious. They were found by a party coming down the cog road and were carried to a nearby house, where they remained for the night. The woman was severely burned about the lower limbs but was able to complete the walk to the summit and returned here by train.

Another Good Man Gone Wrong.

He was advised to take Foley's Kidney Cure at the first signs of kidney trouble hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are sound and well. A. R. Bacc of Morgantown, Ind., had to get up ten or twelve times at the night, and had

FIGHT OVER DISPENSARY.

South Carolinas Getting Warm Over This Question.

Columbia, S. C., August 14.—C. O. Smith, who has figured prominently in the dispensary investigation so far in the testimnoy of other witnesses, was put on the stand for the first time Friday. There were two sensational incidents in his testimony. He testified that he found J. H. Morris, who had testified against Smith, in a house of ill fame drunk.

"You are a liar," said Morris, who for election as been dispenser. Wall seat promptly.

"You're another," retorted Smith, and the chairman rapped for order and finally objected to it.

The other sensational incident was the admission of Smith that he had offered $500 to Wall, another member of the board, to support Thackstone for election as beer dispenser. Wall was not in the court room, but an affidavit read by Mr. Lyon said practically the same thing, although it did not mention Smith's name.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Attempt to Assassinate President.

Washington, August 14.—Minister Beaupre, at Buenos Ayres, cables the state department today that a laborer named Blanas Vicalio, attempted to assassinate President Manuel Quintana yesterday afternoon as his carriage was passing Pietro park. The assailant rushed from behind a monument with a revolver in his hand but the president's aid de camp threw himself from the carriage upon the assailant, overpowered him and prevented him from shooting. The man was arrested.

Woman Imprisoned in Ice Tomb.

Helena, Mont., August 14.—Imprisoned for two hours in an ice tomb in the glacier north of Lake McDonald, in northern Montana, after falling through a crevasse that had been weakened by the extremely hot weather, was the terrible experience of Mrs. A. M. Burton of Jametown, N. D. She was a member of a party of sightseers from the Montana Biological station at Big Fork, who were crossing the glazier. Mrs. Burt was rescued by ropes after hard work.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief and after taking the

Widow Robbed of Life Insurance.

Chicago, August 14.—Mrs. Mary Genders, a widow 21 years old, has lost $3,000 from her safety deposit box in the Illinois Trust and Savings bank, and yesterday she swore to a warrant charging Crales C. Hammitt with the theft. The money was paid her by a life insurance company after the death of her husband. The police have traced Hammitt to Cincinnati.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

After a delightful visit of several days to her sister, Mrs. J. H. Earle, Miss Lillian Pringle of Sumter, S. C., left for Fernandina yesterday, from whence she expects to proceed home in a couple of weeks. Miss Pringle is a most amiable young lady, and made many friends during her stay here who will be delighted to see her again.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Tuesday, September 12th, 1905. J. M. DELL, City Clerk.

At the request of charter members of the Elk lodge here, Ocala has withdrawn all objection to Lake City's action in passing upon the proposed Gainesville charter, and the Lake City boys will be here tomorrow for the purpose of instituting the lodge. They are a clever set and it has been said by those in position to know, that they do excellent work. A number of the Ocala and Jacksonville Elks will be on hand for "the fun," however. The paraphernalia for Gainesville lodge has already arrived.

THE YELLOW FEVER.

Many Cases Said to be Suppressed, Which Retards Progress.

New Orleans, August 14.—The cases of yellow fever that are kept secret make it difficult for the physicians in charge to stop the spread of the disease. The work of cleaning the city is now being done by 1,000 men.

The total number of cases is now 1,004, while the deaths are 159. Up to noon today there were 39 new cases and five deaths reported.

From the reports sent in from Patterson, Bon Ami and Tallulah an increase of fever is noted, also from the sugar parishes.

The death rate in July was about 25 per cent, but the present time it is not much above 18 per cent.

Received His Commission.

Allen Graham, recently elected as second lieutenant of Company H, Second Infantry, Florida State Troops, Gainesville Guards, has received his commission.

Lieutenant Graham is a graduate of East Florida Seminary, a thorough military man, and passed a splendid examination. His friends are extending congratulations.
